

HEALTH MATTERS

CALLING ALL CARERS

Northlands Surgery encourages all patients who are Carers to register with the Surgery that they are a Carer. Now more than ever you may find yourself caring for another. If you have not previously registered please speak with our Reception team.

Caring and Coronavirus

Looking after someone?

- Please make sure if you are caring for someone that you let your doctor know.
- Whilst looking after your cared for make sure following NHS hygiene guidelines.
- To reduce the risk of spreading the virus reduce the number of visits or contacts if at all possible.
- While our cafes & support groups have been suspended, we are still available on **0800 181 4118** for advice or just a friendly voice.

You can also go to our website www.carersupportwiltshire.co.uk and follow us on Facebook for current updates.

BLOOD PRESSURE HOME READINGS

A blood pressure test is a simple way of checking if your blood pressure is too high or too low. Annually many of our patients would be invited to the surgery to have a blood pressure test. During the current circumstances, we would like to encourage patients with home blood pressure machines to advise the surgery of their readings by telephone, Systmonline or email to wccg.northlandsbp@nhs.net

North Street
